What we do

McKees Rocks Industrial Enterprises, Inc. (MRIE) serves as both an industrial park and terminal facility, and has been in the material handling business for over 30 years. MRIE is outfitted to handle all of your value-added processing needs. We store, process, blend, bag, screen, dry and distribute bulk materials, coal, steel products and packed goods throughout Northeast, Mid-Atlantic and Canada, and are equipped to handle materials via barge, rail or truck.

MRIE offers complete intermodal transloading and storage services for steel products, scrap, dry bulk and a variety of other commodities.

At MRIE we are committed to serving our customer’s diverse materials handling requirements by providing seamless execution from start to finish. Our complete intermodal transloading facility allows us to serve all of your bulk materials storage and distribution needs.

McKees Rocks Industrial Enterprises Inc.

The Northeast terminal devoted to bulk material distribution and warehousing. Known for years of cooperation in the global market.
